TERRA MARIAE
1973

UNIVERSITY OF MARYLAND
SCHOOL OF PHARMACY
BALTIMORE, MARYLAND

The practice and profession of pharmacy is undergoing dynamic and radical changes in response to changing health-care needs. This revolution is being felt in all areas of the profession . . .

. . . in the hospital, a central I.V. Admixture service, unit-dose "patient-care" pharmacies, and a clinical pharmacy service improve patient-care . . .

. . . in the community, patient-record systems increase patient involvement and improve services . . .

. . . in the University a Drug Information Center, Poison Control Center, Anonymous Drug Analysis Lab and a new Pharmacy curriculum and externship prepare today's students to assume their roles as health care practitioners of tomorrow.

DEDICATION

In the three and a half semesters she spent with us, Dr. Sharon Chapman earned the respect and admiration of the class of '73. She was a dedicated teacher who made our courses in Anatomy and Physiology and Pharmacology an educational experience. Since her goal was education, she was not afraid to try new and innovative approaches to make the material interesting and to stimulate the class to seek further information. Because of her concern and interest in her students, Dr. Chapman was always available to listen, whether the matter was academic or personal in nature.

To a teacher and a friend; To Dr. Sharon K. Chapman we dedicate the 1973 *TERRA MARIAE*.

DEAN'S MESSAGE

Many say that the future of pharmacy is clouded and without hope, but they forget the rebirth of pharmacy that occurs each June. It is that time that a multiple birth occurs with the help of a team of obstetricians, the faculty. The gestation period has been long, five years or more, and in some cases the delivery was difficult, but the newborn are all healthy and kicking. With the cutting of the umbilical cord, each of you carries a responsibility for the future of pharmacy. It's easy to drift into the relative anonymity enjoyed by many in the practice of pharmacy, but I hope that you will take your responsibility seriously and strive to improve the profession. Work to improve the practice that you join, participate in association activities, and become community leaders where you live or work. Learn from the advances and mistakes that are being made by today's leaders in Pharmacy and help make Pharmacy that much stronger for those classes that follow you.

William J. Kinnard, Jr., Ph.D.

...he's a pharmacist.

At 46 he is also Chairman of the Board of Peoples Drug Stores, Inc., the largest Drug Chain in the East. The former Chairman of the Board, G.B. Burrus is also a Pharmacist. Every Chairman of the Board of Peoples for 67 years, since founder M.G. Gibbs, has been a Pharmacist.

And Peoples needs more Pharmacists. Not only to manage our prescription departments and stores, but to grow into executive and officer positions. Like Store Manager, Personnel Director, Vice President of Real Estate and Construction, or President.

Which is what Bill was before he became Chairman of the Board.

GRADUATE PLAN NOW FOR A SECURE FUTURE

THE GRADUATE PHARMACIST CAN GROW WITH READ'S DRUG STORES

Whatever your present hopes and plans, the broad professional and geographical scope of Read's Drug Stores is the ideal opportunity for the graduate pharmacist. Read's offers the indispensable experience of working with seasoned professionals, as well as practical experience in store operation and management. Read's Drug Stores have enjoyed steady growth for the past 90 years, and are still growing. Read's, Inc. now operates over 100 stores in Maryland, Delaware, Georgia, Alabama, Mississippi and South Carolina. Naturally, our pharmacists can expect to "grow" too—in professional knowledge, income and security.

RUN RIGHT TO Read's DRUG STORES

Your role will be an important one. You'll be their major link with the field, now short of pharmaceuticals.

You'll be their aid with the answers an Upjohn representative. Physicians, pharmacists, hospital administrators — they will all look to your company and its products. And respect them.

They'll listen to you. They'll know that when you speak, you speak with quality based on medical education in your field.

It's a big job. With the rewards of a job well done in the field.

If you'd like to know the opportunities in pharmaceutical marketing at Upjohn, please contact Domestic Pharmaceutical Sales, The Upjohn Company, Kalamazoo, Michigan 49001.
